GBG's "Body-Ready" Liquid Formula Gives You Fast, More Assured Health Benefits!

I have more energy than anyone I know near my age and I tell everyone. I believe a Vitamin C deficiency led to the death of my two daughters, and I believe taking the GBG Liquid Multi may be able to help save someone from some devastating losses like we suffered.

Lew Hughes

I had bought hundreds of dollars worth of prescriptions and off the counter vitamin supplements and my body did not respond to any. These great tasting vitamins allowed me to regain my health and energy. Thanks.

Cheryl R. Hollinger

I have been a Loan Officer for about 18 years now. I felt the difference immediately, and the energy lasted all day long. Ever since taking my liquid vitamins I am able to function at a much higher level and my business is exploding.

Brad Aspin

I have been taking the GBG Liquid Multi for over a year now. I will be turning 60 this Spring and I feel better than I did when I was 29!

Rae Johnson – Walnut Creek, CA

I work a stressful career and since taking GBG Liquid Multi-Vitamins I have noticed my stress has been very minimal if any. I feel refreshed all day everyday, and my energy level has gone up. My mind focuses more clearly and after a night's sleep I feel more rejuvenated than before taking GBG Liquid Multi-Vitamins. No gimmicks or Gotchas here! This is the Real Deal!

Andrew - SW Florida

Powerful Age-Defying Antioxidant Power

WITHOUT EATING POUNDS OF FRUITS & VEGGIES...
WITHOUT DRINKING JUICES LOADED WITH SUGAR & CARBS!

Advanced scientific research reveals that millions of people can guard against disease and slow down the aging process -- simply by adding high-ORAC foods to their diets. The term, ORAC, stands for "Oxygen Radical Absorbance Capacity" (a method used to measure antioxidant power of various foods).

Studies reveal that eating plenty of high-ORAC foods can raise the antioxidant power of human blood 10 to 25 percent! The USDA suggests that "Eating plenty of high-ORAC fruits and vegetables may help slow the processes associated with aging – in both the body and the brain"

Exclusive GBG PhytoNutrient/AntiOxidant Blends Give You: 2500 ORAC UNITS - GUARANTEED IN ONE OUNCE!

This product is not intended to diagnose, treat, cure, or prevent any disease. We recommend you consult your doctor before changing your diet, medication, or exercise program.

Q&A

Questions & Answers

- Q: Who is GBG?**
A: GBG is a 10 year old Health Sciences company located 58 miles east of San Francisco in the beautiful agricultural valley of Vacaville, California. Originally GBG started as a telecom reseller in 1995.
- Q: Why this particularly low offer?**
A: GBG believes customers want the best for less. GBG also believes customers to be treated so well that they become customers for life. The compelling offer of \$19.95 per 32 oz. bottle is designed to sign-up record numbers of new customers, saving them an average of \$40 per month per family member. GBG believes these happy customers will try other GBG breakthrough products.
- Q: How long will the \$19.95 per bottle price last??**
A: This is not a trick. The price will stay at \$19.95 per month plus tax (if applicable) and normal shipping and handling. Just stay on monthly recurring auto-shipment. Customers may quit at any time without penalty. It's that simple.

Directions: As a dietary supplement take 1 capful which equals 1oz./30ml daily.

Supplement Facts

Serving Size: 2 Tablespoons (1oz./30ml)		Servings Per Container: 32
